Vendors are encouraged to send in Photos from market to be featured every week before and/or after markets

We will be adding a community newsletter and featuring vendors and products every week

We are working towards a successful and bountiful local market focused on local foods and goods. Vendors who make/grow perishable products that people buy weekly will be selected first. Artisan and craft vendors will be encouraged to come on our select dates for Artisans. These dates are the 2<sup>nd</sup> Thursday every month. We will be doing monthly tote bag giveaways for anyone who spends \$20 with a vendor and signs up for our weekly newsletter. Vendors are encouraged to add something to the tote bag giveaway. We will also get local items from businesses to add in. Again, we are focusing on locally grown and produced foods and goods. We want to build a strong community market for vendors and for our customers!

I will be in touch with your selections to send an invoice for the market. This invoice can either be paid cash or check or online via a square invoice. Thanks for your patience as we get the website up and running from switching over from the Collectives running of the market in the previous season. I just wanted to get application going ASAP so we can have as much time to get great vendors!
